TO PROFESSOR FREDERICK TREUDLEY

Who served us faithfully for three years, and even though compelled to give up his Professorial duties, and go in search of health, still kept his interest in the class; and to Professor Hiram Roy Wilson who has so carefully and loyally guarded our interests during the past year we dedicate this book.

## Preface

This is a picture book. Each reader as he turns these pages will silently read a book of his own composition. As you look at it, you can read in its pictures, all the joys, sorrows, hopes, and disappointments that these pages will suggest. As these pages are turned years hence, and all these memories come to you, then will our purpose have been accomplished.

We cannot hope to please you fully when this work is presented to you, but if when you are gray haired you can look at these pictures and feel a thrill of joy at the sight of these faces and scenes, then will the work have been given a thorough test.

*Top Row*—John Silbaugh, Isabel Shore, Ruth Orr, Wilbur Emish.

*Middle Row*—Margaret Higby, Ferol Strickland, Marjorie Hagel.

*Bottom Row*—Robert L. Cross, Leola Sowash, Laura Kennedy, Ralph D. Powell.

## The Old Beech

All scarred by storms and carved with many a name  
Made indistinct by beating rain and snows  
Of a hundred years, the ancient beech tree grows  
Upon the green. A giant tongue of yellow flame  
It burned when long ago the builders came  
Then, in its wide spread shadow grey walls rose.  
Beneath its boughs a stream of students goes,  
But no autumn finds these thousands just the same.  
And we have also passed beneath that beech.  
One day, perhaps within the twinkling dew  
Upon its leaves we saw a vision new  
A revelation, strange, that seemed to reach  
Into our very soul. How e'er it be  
Others now are passing neath that tree!

## Dr. Alston Ellis

The Class of 1920 wishes to express their sincere thanks to Dr. Ellis, for his untiring efforts for them, and for Ohio University; for the many opportunities he has offered to us and for the stern, honest, faithful example he has been in our lives.

1920 · · ATHENA · · 1920

DR. ALSTON ELLIS

1920 · · ATHENA · · 1920

EDWIN WATTS CHUBB

Dean of the College of Liberal Arts. A.B. Lafayette College Pa. 1887; Litt. D. 1906; Student in University of Berlin 1893-94;

A lecturer, an Author and a teacher. We appreciate the value of having at the head of the Arts College, a man with the culture and refinement of Dr. Chubb. He is a man who is always ready to listen to the needs of the students, and who has helped many a discouraged and dejected student to recover from the disappointments that have come into his life.

1920 · · ATHENA · · 1920

JOHN J. RICHESON, B. PED., PED. D.

Dean of the State Normal College. Dr. Richeson is one of the most popular men on the Campus. He is a hard worker, but never too busy to listen to the most minor things that a student may ask. We do not need to write much about him, for we can condense into two words his real character—A Real Man.

1920 · · ATHENA · · 1920

IRMA E. VOIGT, A. B., A. M., PH. D.

Dean of Women. The hardest job on the Campus. She is a friend to everyone who knows her. Her influence among the girls cannot be over estimated, and her ability along scholastic lines is par excellent. Her example as a social leader is one of her most valuable assets, and the training that she gives the girls of Ohio along that line will live long in the minds of the girls with whom she has come in contact.

## Woman's League

The Woman's League was founded in 1913 under the direction of Dean Voigt. Its aim is to bring the girls of the University together in a democratic atmosphere, and to have one organization where they are all welcome, and to give mutual aid to one another.

This League is one of the most successful organizations on the Campus. Its parties and receptions are always pleasant affairs, and its Skit shows are one means of furnishing the best entertainments on the Campus. This year the league is planning a big pageant.

## French Club

This organization is officially known as Cercle Francais. It is one of the active organizations. This year they have given one of the best plays that the French writers have written. It was given in such a manner that it was very interesting even if the people in the audience knew no French. They have also been instrumental in bringing Carlo Liten, one of the most famous of French Tragedians, to Ohio University. This is one Club that all the French students aspire to become members of.

Its membership is limited to twenty members, and from the choice of Students that it has selected this year it will be recognized as one of the leading clubs in the University. It is studying the Mexican situation this year, and considerable research work has already been done.

## Science Club

The Science Club is one of the Old stable organizations in the University. Its members are composed of all the Science Professors, and two students from each Science Department. It meets in the homes of the different Professors, and in that way has a social function that is not ordinarily taken Advantage of by scientific Students. It is very strict in its rulings, and to be a member of such a club is quite a recompense for the long hours that one spends in the work of Science.

## Girls' Glee Club

Ohio is proud of her Girls' Glee Club. It has given several entertainments of high quality this year. They gave one entertainment at Columbus, that was highly commended by the music Critics all over the State. It seems that this one thing has been neglected around the University and we are glad to see a revival of the old time Pep in this one necessary activity.

The Ohio University Commons Club is a new organization. It was founded during the past school year as a club for non-fraternity men. At the time this book goes to press it has about sixty members. The Club is conducted in a very democratic way; application for membership must be approved by a majority vote before the applicant is elected. We expect a very beneficial future for this, one of the youngest of the Campus family.

Beta Pi Omega Sorority of America was formed from a local sorority, Theta Beta Gamma, at the College of Music of Cincinnati. These members desired to become national, taking out their charter under Ohio laws on February third, nineteen hundred and twenty.

The object of this Sorority is to strengthen and cultivate friendship between the members thereof and thus to draw them into closer relationship with one another, so that this friendship may last not only thru college days but thru life, and for that purpose to establish associate sororities in various musical colleges and centers of the United States, to foster the study of vocal and instrumental music and elocution, to assist talented people in every possible way in the study of vocal and instrumental music and elocution, to add to the social student life of musical colleges and schools.

The Gamma chapter of Beta Pi Omega was installed at Ohio University on Friday, April 16, 1920, thru the efforts of Miss Florence Hawkins, a member of Beta Pi Omega at Cincinnati. The president and secretary from the Cincinnati chapter presided at the installation.

Dr. Alexander S. Thompson, director of the School of Music, of Ohio University, has been chosen as the Sorority Adviser, and Mrs. Clara D. Thompson, from the Department of Music, as the Sorority mother. Miss Mary T. Noss, Professor of French, has been elected to honorary membership to Beta Pi Omega.

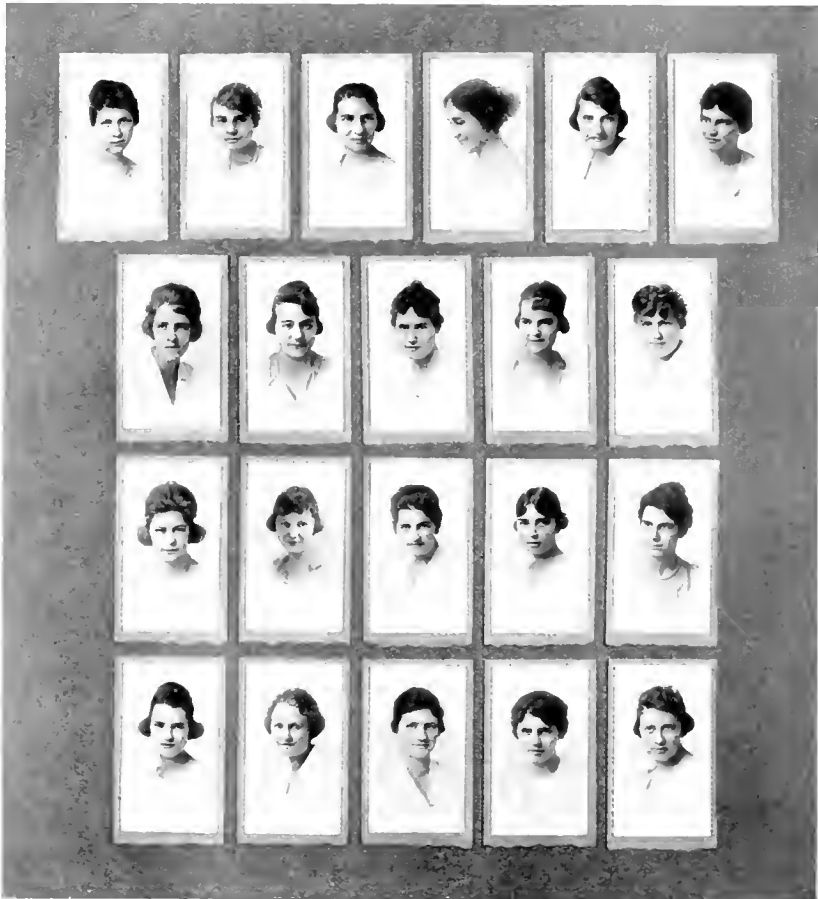

Seventeen girls were chosen to become the charter members of this organization, which has been welcomed on the Campus as fulfilling a long felt want. The new members are:

COACH GULLUM

This is Gullum's second year at Ohio, and we can truthfully say that Ohio has never had a cleaner Coach. His team was not as successful this year as it was last, for he seemed to be followed by an injury "Jinx" that he could not get away from.

No one in the State questions his knowledge of Athletics, and his system of offense in football has been highly praised throughout the State. We will be sorry when he retires this spring, and as he goes about his professional duties he has the best wishes of every student in Ohio.

# 1920 · · ATHENA · · 1920

CAPTAIN ELLIS

“Hollie” was chosen to captain this season’s Football team. Playing a tackle position he ripped and tore an opponents line until he was feared by every team in the State. He was one of the biggest men on the line, a sure tackle, and when the ends turned the play toward him, it was there that the play stopped. “Hollie” has left the University and we wish him as much success against the world, as he had against his football opponents.

JAMES TRONE

OHIO'S 1919 TEAM

# 1920 · · ATHENA · · 1920

## NEWMAN. QUARTER-BACK

Harry has closed a very honorable football career at Ohio. For three years he has represented Ohio on the Gridiron. He has always played at Quarter-back, and all that we need to say is that he has "always used his head". His forward passing has surely always been accurate. Harry is a three sport man and he will leave a vacancy that will be hard to fill.

## GAHM. CENTER

Hebe was the only man on the squad that played in every quarter this year. We think there was not a better center in the State. With his 200 lbs. he could not be moved at all. He will graduate in June.

## EMDE. HALF-BACK

"Jack" had the reputation last year of never being thrown for a loss while carrying the ball, and he carried it a great many times. He was a line plunger of high caliber and was mentioned for all State material. He was always full of pep and could always be depended upon. He will leave a vacancy in the Half-back position that will be hard to fill.

# 1920 · · ATHENA · · 1920

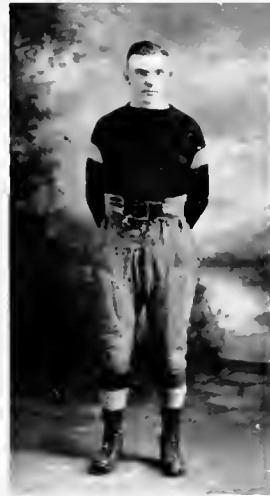

## CROSS. GUARD

"Doc's" playing this year is above reproach. He is a man who always fights and fights hard. Whenever called upon he was there, and always gave all that he had. He was a great asset to the team due to his high morale. We are all sorry to see "Doc" leave us but heres wishing him success.

## HAGLEY. HALF-BACK

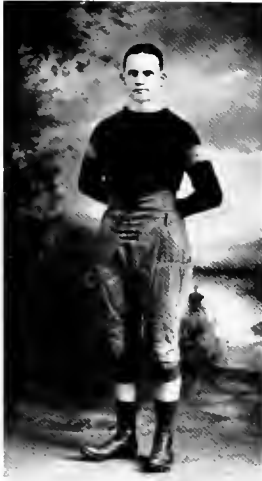

"Mike" was the fastest man on the team. When he started around all that you could see was a blurred streak of Green and White. "Mike" has another year with us, and we are expecting great things of him.

## KREIGER. END

"Irish" who Captained the "18" squad, returned to us last fall to show us his ability again. Playing his position at end, he was always tearing off long gains by the aerial route. He was one of those men who could be relied upon in almost any position. His punting gained Ohio many yards.

# 1920 · · ATHENA · · 1920

FULLER. HALF-BACK

"Peg" playing a half-back position was a terror in the eyes of his opponents. He wiggled and squirmed away from many a tackle, and his changes of speed were wonderful. He was forced to stay on the bench for several games due to a weak ankle, but he made up for it when it got well. He will return next fall.

STOCKDALE. HALF-BACK

"Stocky" is one of Ohio's three sport men. He was a consistent trainer, and a hard worker. He will be with us another year, and we are expecting great things of him.

LOOMIS. END

"Bob" playing a flanking position deserves a lot of credit for his style and never-quit fashion. He is considered one of the best ends in the State and received All-Ohio mention. He was kept out of the last two games on account of an injury.

# 1920 · · ATHENA · · 1920

## DAVIS. QUARTER-BACK

"Davy" only weighs 124 pounds but he is one of the best fighters that ever donned an Ohio uniform. His grit, speed and aggressiveness always kept him on top. During his two years of "Varsity" ball he has been mentioned each year for All-State.

## MORGAN. HALF-BACK

Although "Tom" was not a regular, this year, he was one of those men that played in nearly every game. He could be relied upon, and when he returns next year we will expect him to give us good service.

## JEFFERSON. GUARD

"Big Jeff" has been with us for two years. His value as a defensive man cannot be overestimated. Any "bucks" that came his way always fell short of their objective.

# 1920 · · ATHENA · · 1920

HIBBARD. GUARD

"Big John" is one of the best men that ever wore a Green and White uniform. He was always full of "pep", and when any thing started his way it was always sure to stop. "Big John" will be back with the Gridiron squad next year, and he is already assured a berth.

YOUNG. GUARD

"Handsome" was a linesman who could always be relied upon. Coach tried to keep him off the team in order to protect his baseball arm, but that was impossible. He will also be out next year.

WADE. TACKLE

"Jim" reentered school this fall with the intentions of making a place on the All-Ohio team, but he received a broken leg at Kenyon that shattered his hopes. He was the most aggressive man on the team.

# 1920 · · ATHENA · · 1920

## POPE. FULL-BACK

The injury Jinx followed Pope all season. Pope was one of the best plungers that Ohio had. He will return next fall and we hope that he will be free from that "hoodoo" of injury that followed him all last season.

## NYE. END

"Happy" is one of the smallest men on the team, but he has the fight that takes him through. He hooked many a forward pass that helped Ohio on her way to the opposite Goal. He has another Year at Ohio.

## EARICH. TACKLE

"Sim" was one of those linemen that always was yelling for more plays through his position. His weight, strength, and fighting spirit was more than any backfield could stand. He will be with us for some time yet, watch him.

# 1920 · · ATHENA · · 1920

“DUTCH” SCHLEYER, CAPTAIN OF THE 1920 TEAM

“Dutch” is all that the picture above displays. He played end and Tackle last year, and he is right there with the goods. He is always ready to help any man on the team, and he will win the respect of every man on the squad. He will have eight men returning and with this material he should make some of the conference teams in the State look sick.

# 1920 · · ATHENA · · 1920

CAPTAIN STOCKY

Stocky was chosen to lead this years squad and he was capable of handling all responsibility and honor that was reposed on him. He was always on his toes and helping every man all he could. Stocky played a guard position and at times looked as though he was the only man on the floor who was playing. To Stocky must go a lot of credit for keeping the team in condition and helping them win so many games. He would be an asset to any basketball team and we rejoice when we find out he will be with us again next year. Stocky is not only a basketball player of note but as good an all-round athlete any one cares to meet.

## Basketball Review

Ohio's basketball season was a credit to the school as well as to the team. Davis, Newman, Stockdale and King returning to school this fall. All of these men are wearers of the basketball "O" and with these men Coach Gullum had a good foundation for a strong team. Some of the other candidates were Van Sickle, Starr, Loomis and Earich. With such material as this Coach Gullum rounded into shape a team that was feared and respected by every other team in the Ohio Conference.

Ohio's schedule was filled by the best teams in the Conference and she got away with lots of credit to herself. She had an average of fifty percent at the close of the season.

VARSIY BASKET BALL TEAM

# 1920 · · ATHENA · · 1920

DAVIS

The biggest little man that ever donned an Ohio uniform. Davis' size was not a handicap to him because his speed and accurate shooting made up for all he lost in stature. He holds the honor of scoring more points than any other man on the team, and we will welcome him back next year.

NEWMAN

Harry has completed his basketball career at Ohio and has left a record to be envied. Playing a close guarding game was his style, and his opponent was lucky to register any field goals. We are all sorry to see Harry leave but we wish him as much success in the world as he had on the O. U. basketball team.

# 1920 · · ATHENA · · 1920

**KRIEGER**  
Irish was late in joining the squad but when he get out all his opponents saw the fire in his eyes and steered clear.

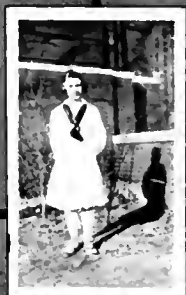

**STOCKDALE**  
Captain 1919 Basketball.

**VAN SICKLE**  
This is Van's first year on the Varsity and his playing was very credible to Ohio. Van has two more years to play Varsity and much is expected of him.

**EARICH**  
Sim, because of his stature was chosen to play the center position and he did it with credit to Ohio's team. He always gave the best in him for the team.

## Baseball Review

When you look at the picture given below, you cannot help but think that Ohio makes them "sit up and take notice" when it comes to baseball. This team carried away the Conference honors. This team won nine out of ten games; losing only to The Ohio State boys by the margin of 3 to 4. When we consider that in this team we have men that have since been in demand by professional teams we can understand that they were not lucky, but they are good.

OHIO CHAMPIONS

# 1920 · · ATHENA · · 1920

## Captain of the 1920 Squad

"GUS" WHITE

"Gus" has been chosen to lead this year's team. He played on the Championship team last year, and had the highest batting average of any man in the Conference. He is out this Year taking care of the second station, and we think that he has a team that will come through again with the Conference honors.

"Gus" has the confidence of the students at Ohio and they all wish him success.

OLSON, THE BEST MAN ON THE CAMPUS

It is Thor's job to keep Ohio's Athletes in working order. He mends the broken tissues, and it is a familiar sight to see him run out on the field with his little satchel, and mend up some injured player, and tell him that he is all right, and the game goes on. No one has ever complained that he could not Rub. If Ohio is fortunate in any one thing, it is the fact that it has a man like Olson to keep the men in shape.

*Left to Right*—Swick, Smeltzer, Emmett Rowles, Howell, Shilt, Grow, Lowther, Freshley, Dabritz, Gills, (coach) Olson.

## Wrestling Class

Ohio has had wrestling in the curriculum ever since Thor Olson has been here. However it has been only as a Physical Education idea, and not as a sport. This year Ohio has turned out a wrestling team. It has been given wonderful support by the student body, and also by the athletic council.

Ohio lost her first match to the University of Virginia. Then when the Virginia boys came over to Ohio they were defeated by a large score. This is one sport that will develop more muscle during the time that it is given a trial than any other sport known. Let us get behind Olson and his men, and help them to keep the good work going.

## Editorial

Must we await an array of psychologists before some prescient pen accords humor a place as one of the decisive factors in waging and winning of wars? This generation hailed Mahan's theory of sea-power and reads a thousand books on land-power. Yet in the rise and fall of nations a joke has oftentimes been as vital as a battle. The laugh that rippled thru Israel when Saul cried out against the mean thief that stole his spear, meant victory to the heir of the throne of Zion. Anglo-Saxons exalted themselves because the Kaiser's mustache reminded them of Captain Jinks of the Horse Marines. Lincoln's joke power was heart-power and gun-power to his people, and the gallant hosts of Lee fought long on good humor and a flat meal-bag.

Take the jokes out of the world and there would be a re-shuffling of the geography and history. What was the wooden horse of Troy, but a joke, and Scipio's legions hiding behind the hills while the girls and glasses of Capua crumbled Hannibal's Hosts—and all down the cool centuries the smiling eyes of the conquerors—march the high souls of unbowed spirits. Warriors who joke are in earnest. Men must toil, suffer, and then think before they can laugh. A joke in the face of death indicates the making of a gentleman.

Humor is a spiritual gift scintillating like starlight wherever honor and glory meet, yea, mellowing with chivalrous charity of the victors even the shadow of the dark valley, for if the defeated rascals will only laugh you then know all and forgive all, agreeing with Carlyle that "a man who has once heartily and wholly laughed cannot be altogether depraved!"

## Who's Who at Ohio University

The 1920 Athena Staff, assisted by the Athena Advisory Board, held a general campus election the other Sunday night at 11:49. All members pledged themselves to conscientiously consider qualifications of each nominee and to vote in an unprejudiced manner. It is hoped that the result of this election will but verify the opinions held by the majority of O. U. students and possibly impart valuable information to those in whose minds there exists any doubt as to who really is who. The following persons were elected to the honors designated by unanimous decisions.

## Freshman's Essay on Love

Love is a funny inward irresistibility of outward alloverishness. Some folks take naturally to it, others acquire it, and some never come down with it at all. The general symptoms of this most dreaded and welcomed disease is a slight reddening behind the ears, the color spreads generally forward and meets on the nose causing same to become very shiny. When the victim is approached by the tormenter the heart flutters like an old dish rag hung on a scare crow. The feet are always prominent and in the way causing said victim to stumble a great deal. The hands usually go to the waist.

The most favored flower of the stricken is the tulip which causes great commotions on the spinal column.

The best way to keep a persons love is not to return it. This way the other fellow always has something coming to him. If by chance it should be a mutual swap, all the glories of the universe know it from said outward alloverishness. The effect is something like when a man is drunk, he shows that he is but he thinks no one knows it. Love takes the place of wood alcohol nicely.

Love was meant to make us glad, but sometimes it makes us sad, for some amateur usually tries to assist cupid and bungles things in great shape. Love has to take its own way it can't be urged or can't be discouraged.

It is usually fatal and can be had only once. Light attacks may proceed it but the last and final blow takes them off. The best antidote to the poison is a marriage certificate and a parson. This appliance chases the trouble from the inside to the outside and it works off in cruel words, beaten wives, and henpecked husbands.

(N. B. I. had a cold and couldn't think very well so please remember when you grade this that you were once young and subject affections too.)

### AIN'T IT A FACT

That when you know one swell girl to take to the Hop, you are unable to go—well, for various reasons?

That the leading man in the opera does not do his part as well as you could have done it?

That you always know everything in the course except what the prof. asks for the exam. questions?

That the Hop queens can't beat little Maggie, in the old home town?

## THE MAIDS

One by one they come and go  
 Thin, sebaceous, nimble, slow:  
 Every hue and every style,  
 Come to visit us awhile;  
 Come to bring us some new sorrow,  
 Here to day and gone tomorrow.  
 When you think that one is true,  
 She has beat it P. D. Q.  
 One by one they come and go,  
 Ain't it so?

One by one, an endless string,  
 Summer winter, autumn, spring,  
 Minnie, Mable, Hilda, Sue,  
 Bridget, Carrie, Lily, Lou.  
 Now and then a prize appears  
 (Once in every hundred years);  
 But, alas, they never stay,  
 Neighbors lure them kind away,  
 Curse the fiend who stoops to such,  
 We have never done it (much)  
 But the good ones they are few,  
 Ain't it true?

## SHAKESPEARE UP TO DATE

The quality of material is not strained,  
 It droppeth— as the thunder bolt from heaven  
 Upon the folks beneath: it is twice priced.  
 It shocketh him that gives and him that takes:  
 'Tis rottenest in the rottenest; it becomes  
 The throned grafter better than his gold:  
 His word shows the force of capitol power  
 The attribute to shocks and bonds  
 Wherein doth sit the dread of common people:  
 But prices are above this common sway  
 They are enthroned in the heart of Wall Street,  
 They are an attribute to gaft himself;  
 And capitol power doth then show likest labor  
 When people season justice.

The "BESSIE BROAD" Society held its initial meeting recently and elected the following officers.

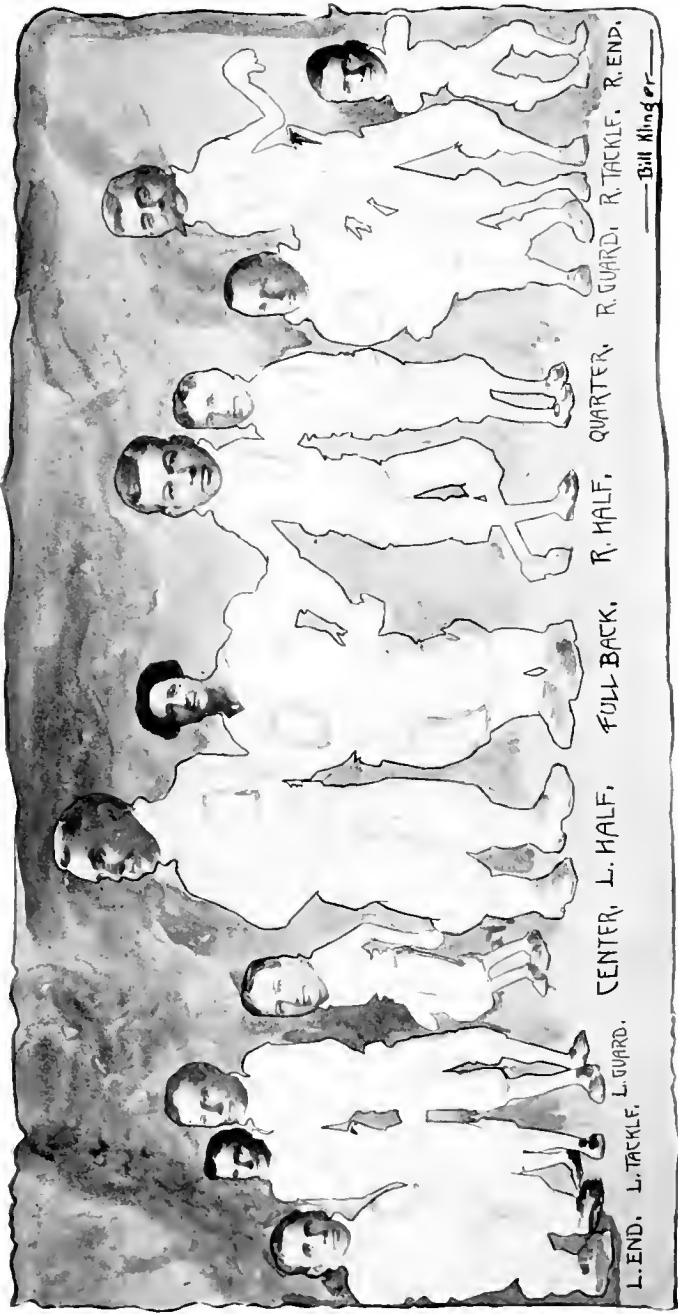

Grand Broad Pres.	Heber Gahm
Grand High Pres.	Gladwyn Woodworth
Grand Wide Pres.	Nathan Poffenbarger
Grand Low Pres.	Earl South
Grand Broad Sec.	Betty Smith
Grand High Sec.	Virginia Witten
Grand Wide Sec.	Ferol Strickland
Grand Low Sec.	Della Webb

These persons will remain in office until the arrival of more eligibles on the campus.

Though just an infant campus organization its prestige is assured. In its active membership list are included Margaret Ridenour, "Pop" Shively, Ruth Aller, "Doc" Cross, Margery Young, Ellen Brown, Helen Hudson, Cecil Brickles. It is extremely fortunate in its patronage list, having such celebrities as Dean Richeson, Dean Voigt, Dr. Mercer and Wife, Bert Thompson, Miss Allen, Prof. Ash, and Jennie O'Dell, Prof. Martzholff is grand broad Alumni Secretary, his work covers a large field.

It does not pretend to be a democratic institution, being by its very nature exclusive. However it is very tolerant of those desiring to belong yet unable to fulfill the requirements. It is unquestionably a GROWING society!

AIN'T IT THE TRUTH

It's easy enough to be pleasant  
When your lessons are all in trim,  
But the man worth while  
Is the one who can smile  
When a test is sprung on him.

It's easy enough to be pleasant  
When your girl is having a dance,  
But the man worth while  
Is the one who can smile  
When she passes him up with a glance.

It's easy enough to be pleasant  
When you say, "I'm a confirmed old batch."  
But the man worth while  
Is the one who can smile  
When he has to sew on a patch.

INFLUENCE

The class was having a review of the life of John Milton. The instructor said, "His life influences a great many of his poems and Milton had a very unhappy life. His first wife and he were very unhappy". The teacher talked a while and asked, "Now what poem did this unhappy marriage cause him to write?" John meekly raised his hand and said, "Paradise Lost".

THE DIFFERENCE

"What is the difference between the 'quick' and the 'dead'?"  
"The 'quick' are the ones that get out of the way of automobiles and the ones that don't are 'dead'."

## THE WRONG RACE

"Hollie, tell what you know of the Mongolian race,"  
Hollie— "I don't know, I went to the ball game."

## SOME DIFFERENCE

Rastus Ebenezer war telling a listening circle of chalk-eyed negroes what a wonderful new gal he had, "Oh, Lordy, how dat gal do love", he exclaimed. One listener, carried away by his eloquence, shouted, "Ah saz shedo!" At which Ebenezer, reaching for his razor and turning said, "What do you all say, Niggah?" The little negro losing much of the ebony of his countenance hastily gulped, "Ah say, do she?"

## DEGREES

Neighbor— "Mr. Smith your son got his B. A. and M. A. did he not?"  
Nobbies dad— "Yes, but his PA still supports him."

## A DIFFERENCE

Bea Sawyer is like cider— so sweet until she starts to work.

## WATER

"Now Peg" said the Sunday school teacher, "our lesson today teaches us that if we are good while here on earth, when we die we will go to a place of everlasting bliss. But if we are bad, then where will we go?"

Peg—"We'll go to a place of everlasting blister."

## PREDICTION DISPROVED

Bateman (after popping the question) Why are you crying, dearest? Did I offend you with my proposal?

Natalie— Oh, no, dear; it's not that. I am crying for pure joy. Mother has always told me that I was such an idiot that I wouldn't get even a donkey for a sweetheart and now I've got one after all.

TEACHING PAYS

A professor's son rushed into the house and yelled; "That woman out there swore. She said aint."

Martin says that Charles IV had no male son so his daughter had to rule.

We have observed Dean Richeson with the scarred forehead which he explained with the simple phrase, "Bringing up Father" and we wonder what he thinks of "Rasin' Pop?"

AN EASY VIRTUE

Some individuals are pure minded because they never think.

ARE YOU HEADED THAT WAY

Success has turned many a man's head—It's a long head that has no turning.

DID THIS HAPPEN IN YOUR CLASS?

Did you tell Martzhoff that the Thirty Years war lasted thirty-five years?

Did you tell Cherrington that Gray's Elegy in the Country Church Yard was written by Shakespeare?

Did Whitehouse ever tell you to take this note and you would have it in a nut shell?

## Letters of an O. U. Freshman

Ohio University, May 20, 1920.

Mr. H. O. Perkins,

Hog Run, Ky.

Dear Maw:

I rec'd yours of the 13th instly., and was glad to hear that you are well except the red pig which has the quinsy. That was awful nice that the Ladies Aid Society made such a hit with their play, "Uncle Tom's Cabin", given for the purpose of raising enough money to build an addition to the Hog Run jail. You say that Lem Tuggle made the hit of his career in playing the part of the Biggest Bloodhound but that, inasmuch as that writer fellow in the Louisville paper called him "a second Hamlet", Lem can't decide whether he is insulted or what. Well, Maw, I don't know whether I can help him out any or not, but I'll tell you all I know about it.

This guy Hamlet was a foreigner who had a kind of prominent part in one of Wm. Shakespeare's plays. Shakespeare was a fellow who wrote quite a lot of plays a long time ago and some of them are real good, only they are awful hard to read as Bill didn't have much education except Greek and Latin and consequently wrote awful poor English. Well, anyway, it seems that Hamlet had an Uncle who was a hard-boiled hombre with a leaning toward murder. This Uncle caught Hamlet's papa asleep in the garden one day, though why anybody should want to sleep in a garden I don't know, and he poured rat-poison in Mr. Hamlet Senior's ear, and I guess it went to his brain or something for he died.

Hamlet had a hunch who did the dirty work, but they wasn't any fingerprints or clues left so he couldn't do anything about it. So he kinda got supernatural and began holding long and interesting conversations with skulls and things. And at last he got results, for one night when Hammy and a bird named Horatio was working the Ouija Board, Hamlet's papa walked in, clad in flowing whiskers and a white sheet, and spilled the beans.

After that Hamlet got busy and, when once he got in action, Hammy was some fast little worker, I'll say. He pretended like he's gone bats or something and after some kinda clever gum-shoe work, which included a theater-party among other things, he finally hung the dirty deed on his Uncle, who was then King. Also, as if being King wasn't enough trouble at one time he had also married Hamlet's mother. Being rather an economical bird by nature, he had the preacher save an extra trip and perform this job right after he had conducted the funeral services for Hamlet's papa. Along about here a girl named Ophelia kinda com-

plicated matters by going crazy and raving all around the scenery, but they was so many lunatics running loose about that time that she didn't attract any attention to speak of.

Well, anyway, they had a big party in the last act, and Hammy decided to get even with the whole gang so he put wood alcohol in the grape juice. The death list that started a minute or two later would of made the late War in Europe look like a rank piker. People was dying all over the premises; it got to be a habit. When the curtain went down, the only people left alive was the orchestra leader and three stage-hands.

People have been arguing ever since whether Hammy was really batty or not. After reading the play, I've decided that either me or Hamlet is crazy, and I don't believe it's me. Or in other words, "Vobiscum tapioca", as Edgar A. Poe told the black-bird when it bust above his chamber door.

Hoping this finds you the same,

Your loving son, resp'y yours,

# Entering the World Electrical

**T**HE graduate of today enters a world electrical.

Gathered from the distant waterfalls or generated by the steam turbine, electric power is transmitted to the busiest city or the smallest country place.

Through the co-ordination of inventive genius with engineering and manufacturing resources, the General Electric Company has fostered and developed to a high state of perfection these and numerous other applications.

And so electricity, scarcely older than the graduate of today, appears in a practical, well developed service on every hand.

Recognize its power, study its applications to your life's work, and utilize it to the utmost for the benefit of all mankind.
